Dear Friends of The Advocates,

This year your generosity touched 4,615 members of our community. And while this is impressive in itself, we can easily forget that each number represents a woman, man, or child whose life has changed for the better.

Today, we bring you a collection of unique stories of success from the individuals you have supported through your generosity. Through your involvement, lives have taken flight, and the story does not end with the words you read here – when a life is changed for the better, the effects range far beyond what we can see today.

Please read and share these stories, and know that you have made a difference for today, and into the future. Thank you.

# BECAUSE OF YOU

**Because of you** ... a teenage boy learned to recognize that his girlfriend's constant tracking of him through texts and calls, and her efforts to make him drop his friends, was relationship abuse. | **Because of you** ... a mom who grew up in a dysfunctional family learned the skills she needed to break the cycle of power and control for her own family. | **Because of you** ... a sixth grade boy spoke out about an older bully on the school bus, and, building on his courage, several other students came forward too. The bully was removed from the bus. | **Because of you** ... a woman realized for the first time in her life both that she has choices, and that she can make choices. | **Because of you** ... a woman with five children found the courage to move to a new town and make a fresh start with the support of The Advocates. | **Because of you** ... a fourth grade boy, who wouldn't tell anyone about the violence in his home out of fear the police would come, learned just how the police would help. He was finally empowered to talk about his home. | **Because of you** ... a woman found security and was able to protect her sons. **Because of you** ... a woman learned to identify and manage the triggers, related to the sexual abuse she experienced as a child, that interfered with her every day life. | **Because of you** ... a teenage girl learned (and took) the steps to put a halt to a long-distance technology stalker, who had been using social media to manipulate and terrorize her. | **Because of you** ... a woman who learned to live violence-free worked to empower others to heal and lead safe lives. | **Because of you** ... after 30 years of abuse, a woman has finally received the support she needed to move forward. | **Because of you** ... a middle school student had the skills and courage to intervene when her friend was bullying another student. | **Because of you** ... a woman came across three states to find **a safe place at The Advocates.**

## Thank you for your continued support.

## education & outreach

Because of you . . .

**4,042 members of our community learned**

how to build a healthy relationship,

how to stay safe when there is violence at home,

how to prevent dating violence,

how to speak up for a friend who is being bullied,

that violence affects us all,

and that **each of us can Speak Out and make a difference** for ourselves,  
for a friend, and for our community.

**Because of you . . .** three children in a single Advocates' education program disclosed family violence and received necessary intervention.

**Because of you** ... a shy woman created a resume that reflects who she is and what she wants. It gave her the confidence to apply for - and secure - her first position working outside the home. | **Because of you** ... each day, women are given the tools they need to have a new start - no matter their age or abuse through which they have lived. | **Because of you** ... a very insecure and lonely woman learned through her internship how valuable her skills are. She has achieved new success at work, and has started branching out socially as well. | **Because of you** ... a local student participated in an activity that taught the important components of healthy relationships - and went home that night to do the activity with her parents. | **Because of you** ... fifty children have all their new school supplies for the year through The Advocates. | **Because of you** ... a shelter resident was finally able to “let down her guard” due to the respect, humor, and hard work of the staff. | **Because of you** ... upon completing an Advocates workshop, a parent was empowered to effectively act on behalf of their bullied child. | **Because of you** ... a mother and daughter were able to build their communication, and the daughter committed to finishing high school. | **Because of you** ... a woman who had felt self-conscious wearing business attire found the confidence to believe she looked pretty and professional, and gained a new sense of personal power. | **Because of you** ... a family is eating three meals a day. | **Because of you** ... a young girl found the courage to speak up in an education presentation to describe two years of hurt from being bullied, and a girl who had been a part of the group bullying her publically apologized for her role. | **Because of you** ... a sixteen year old girl who was sexually assaulted was able to continue her life and heal from the trauma through The Advocates’ counseling services. | **Because of you** ... a child is smiling, because her Mom doesn’t have bruises anymore.
